2. QUALIFYING GLOBAL SEEDING LIST (TOP 100)

- 2.1. Definition: The seeding list is formulated by a rider's best 3 results over the qualification period (May 1st, 2024, to April 30th, 2025). All results from Junior, Qualifier, Challenger and Pro Series feed into the seeding list. Athletes qualified for the 2026 FWT Pro (including returning FWT Pro riders, FWT Challenger qualified riders and FWT Pro Injury Wildcards) will additionally receive a "qualification bonus" of 100'000 points to place these riders at the top of the Global Seeding List.
- 2.2. For the purpose of this simulation, we used the seeding list based on the following qualification period: October 13th, 2023 to October 14th, 2024

3. NATIONS' RANKING

3.1. Definition: Nations' Ranking is a system that ranks each nation with freeride participants based on the combined performance of its athletes. Nations are ordered based on their athletes' cumulative seeding list points amongst the top 100 ranked by competition (top 100 Ski Men, top 100 Ski Women, top 100 Snowboard men and top 100 Snowboard Women). This ranking helps allocate quotas and can influence the number of athletes each nation can send to the Championships. There will be one ranking per event, for a total of two rankings:

- Ski Nations' Ranking
- Snowboard Nations' Ranking
